## SHANGHAI IN BLOODY ROLE; CITY SHELLED

### Chinese Troops Reply as U. S., Britain Enlarge Defense

Washington—Probably the most fundamental difference between Jack Garner and the leader to whom he swore allegiance at the Philadelphia convention is over the future control of the Democratic party.

The President is determined that he shall play an important part in naming the candidate for 1940, if he does not actually choose the man himself. And Jack Garner is equally determined that he shall not.

The Vice President is very blunt about it in private conversations. No one suspects that Jack wants to be a candidate himself, but he does say he is going to see that the candidate is "no New Dealer." He believes the party should get back to its original fundamentalism.

On the other hand, Roosevelt believes that out of the old Democratic party may be moulded a new and rejuvenated organization including labor, the farmers, and Progressive Republican elements.

Some of the President's friends have been wondering of late whether he would not defy third-term tradition and become the candidate of such a reorganized party. But those who are closest to him say he will not and that his sole motive in not repeating his third term declaration is to keep the party organization in his own and out of Garner's hands.

Some of them believe that it is a mistake for Roosevelt to remain silent and that a clear-cut renunciation of third-term ambitions would strengthen rather than weaken his hand. They think it is a mistake to keep the country guessing on this, just as it was a mistake to keep it guessing about immediate or deferred appointment of the new Supreme Court justice.

So far, however, the President has not seen it that way.

**Naval Reciprocity**  
The bill permitting the President to lend over-aged U. S. destroyers to Latin American countries has an interesting behind-the-scenes history.

It was initiated chiefly for the benefit of Brazil, because that country twice has placed its naval forces at the disposal of the United States.

First instance was during the Spanish-American war, Brazil had just taken delivery on two new cruisers, built in British shipyards, and immediately turned them over to the United States. They were manned by American crews and one of them, rechristened U. S. S. Buffalo, played an important part in the war against Spain.

Again during the World war, Brazil sent two cruisers and four destroyers to serve under the American naval command off Gibraltar.

The number of destroyers which the United States now plans to lend Brazil is six.

Note: During the Spanish-American war, most of Latin America, being of Spanish descent, was sympathetic with that country. Brazil, being Portuguese, was not.

**Labor Relations**  
Two surprise opinions regarding the National Labor Relations board were expressed the other day, both by Republicans but of diametrically opposite effect.

One came from Judge Curtis D. Wilbur, who was Coolidge's secretary of the navy and is a brother of Hoover's secretary of the interior, Ray Lyman Wilbur. Judge Wilbur, although of conservative background, upheld the labor board.

The other statement came from Senator Gerald Nye of North Dakota, hitherto a consistent progressive.

Nye was against it. Judge Wilbur's statement was made from the bench of the ninth Circuit Court of Appeals in settling the Pacific Greyhound Lines case. He said:

"The board carefully weighed conflicting evidence and stated its conclusions and the reasons therefore with careful attention to the difficult problem facing it. It is sufficient to say that there is substantial evidence to support its conclusion that the real motive for the discharge of this employee was because of union activities."

Senator Nye, on the other hand, claimed that the labor board was biased against discriminatory against employers.

Merry-Go-Round  
Following Senator Gerald Nye's attack on the national labor relations board on the ground that it is biased against employers, he received a wire from Harlan county, Ky., inviting him to attend the hearings in 30 cases of terrorism and violence they filed against coal operators. "We are sure," they said, "that the proceedings will be

## A Suggestion?

Washington, Aug. 13.—(AP)—Democratic Rep. Frank W. Fries of Carlinville, Ill., was on record today as opposing the nomination of Senator Black (D-Ala.) to the Supreme Court.

"If Senator Black doesn't know any more about the judiciary than he knows about the needs of the nation, as demonstrated in his most recent bills on unemployment census and labor, then the President may as well have appointed a Chinaman," Fries said yesterday.

He called the Black unemployment census bill "more braunschwager (diverwurst) legislation" which will "cost the taxpayers from \$5,000,000 to \$7,000,000 and accomplish nothing."

## BODY OF CHILD, 4, RAPE VICTIM, FOUND IN SWAMP

New York, Aug. 13.—(AP)—The body of 4-year-old Joan Kuleba, missing for 24 hours, was found today in a swamp shack, half a mile from the summer colony of South Beach, Staten Island, where she was living with her parents. She apparently was the victim of an assault.

The body was prone in the cellar of the shack. A rope was wound round her neck and tied to the cellar door, and several bricks had been placed on her back.

Harry Elmore, a member of a party searching for the child since daybreak, discovered the body. The new Dorp precinct station was notified immediately, and word was flashed to Assistant Chief Inspector John A. Lyons at Manhattan police headquarters.

Staten Island is five miles from the Battery, the tip of lower Manhattan and South Beach is on the south shore of the island, about 10 miles from the upper end.

The slaying was the second of its kind in Greater New York within the past two weeks. On July 31, eight-year-old Paula Magagna was lured to the cellar of her home in Brooklyn, ravished and slain.

Joan vanished yesterday morning while playing on the beach with other children. Her aunt, Mrs. Grace Lesandri, became alarmed and notified police. They found Joan's shoes in the sand.

## BODIES OF TWO WOMEN SOUGHT IN SHAMBLES

New York, Aug. 13.—(AP)—Seeking two missing women, 150 firemen and police dug wearily today in the desolate ruins of a Staten Island tenement building which collapsed during a rainstorm, killing 19 persons.

Exhausted from the long search, they ordered a steam shovel to help sift the tangled, sodden wreckage beneath which they expected to find the broken bodies of Olive Rogers and Louise Heintz.

District Attorney Frank H. Innes said he would ask a grand jury to investigate the cause of the disaster Monday. Three other investigations were also underway.

Police said the building, formerly used as a factory, crumbled on Wednesday night under the impact of a torrent of muddy water tumbling from an overflow storm sewer on a nearby hill.

Flags on all State Island buildings flew at half-staff today for the victims—Patrolman Joseph J. McBrean, a rescuer, six women, five children and seven other men. Hospital physicians said the condition of four injured was "fair."

Between 40 and 45 persons were made homeless when police ordered seven nearby buildings vacated as a precautionary measure. Ropes were strung about the debris to keep back the crowds.

A citizens committee started a fund to help survivors and bury the impoverished dead. More than \$500 was subscribed in a few hours.

**EDUCATOR DEAD**  
Kirkville, Mo., Aug. 13.—(AP)—Dr. Eugene Fair, president of the Kirkville Teachers' College, died early today in a St. Louis hospital of pneumonia contracted following a stroke Monday.

Dr. Fair was president of the college here for 12 years, and a former president of the American Association of Teachers' Colleges.

The personnel of Lewis Bros. circus will place a large wreath at the foot of the statue of Abraham Lincoln in Dixon next Wednesday at 6:15 P. M. between the afternoon and evening performances of the circus. The entire circus personnel will leave the circus grounds at 6 P. M., accompanied by the circus band, and the wreath, donated by the Dixon Floral Company, will be placed at the foot of the statue by an employee of the circus as a tribute to the "Great Emancipator."

A short program of Stephen Foster's music will be played by

## ALLEGED \$5,000 POLICE BRIBE BEING PROBED

### Prisoner Accuses 'High Official' of Berwyn

Chicago, Aug. 13.—(AP)—A former convict's charge that a "high official" of the suburban Berwyn police department had received a \$5,000 bribe from a receiver of stolen property was under investigation today by the state's attorney's office.

Assistant State's Attorney Wilbert Crowley said the accusation was made by Edward Koncil, 24, who made his third escape from the Berwyn police Wednesday by sawing his way out of his cell.

Koncil's surrender came a few hours after relatives and Berwyn officers associated with his arrest were summoned for examination by Assistant State's Attorney Wilbert Crowley and John Boyle.

Crowley said he particularly wanted to ask Koncil about a boast he was reported to have made that he would "take a lot of Berwyn big shots with me if I'm sent to the penitentiary."

Meanwhile Berwyn's city council passed a resolution last night demanding that a committee of aldermen investigate the entire suburb's police force with reference to Koncil's escape.

Mayor Anton Kanara of Berwyn ordered the suspension of Otto Bliss, lockup keeper at the police station, the last man to see Koncil before his escape, and Thomas Bartunek, desk sergeant, on duty at the time.

Crowley said Koncil, who was sentenced to Pontiac reformatory in 1931 to serve two sentences of one to 10 years for grand larceny, was a nephew of Frank (Lefty) Koncil, associate of Joe Salts, chief of the south side beat trade in prohibition days. Frank Koncil was assassinated in 1927.

## Second Victim of Auto Crash Passes Away at Princeton

Kewanee, Ill., Aug. 13.—(AP)—Ernest Brandt, 17, of La Harpe, Ill., died in a Princeton hospital today, the second victim of an automobile-truck collision last night. John Brandt, 52, of La Harpe, was killed.

Junior Brandt, 19, and Robert MacKay, 53, of Peoria, were injured when the Brandt car collided with a truck driven by R. E. Fairbanks of Alexis, Ill.

## Clemency Denied Gangster's Lawyer

Chicago, Aug. 13.—(AP)—The district attorney's office announced today it had been notified that President Roosevelt had denied a plea for executive clemency for Louis Piquett, Chicago attorney serving a two-year prison sentence on charges of harboring the late Homer van Meter, Dillinger gangster.

Assistant United States District Attorney Harry H. Connaughton, estimated that Piquett, an inmate of Leavenworth penitentiary, would be eligible for parole next December.

## Young Democrats Invited to Chicago

Springfield, Ill., Aug. 13.—(AP)—Governor Horner joined with Young Democrats of Illinois today in inviting the national group to hold their 1939 convention in Chicago. In letters to all state officers and national committeemen and committeewomen of the organization, he assured them Illinois would "leave nothing undone to make your stay with us happy, enjoyable and worthwhile."

The Young Democrats will hold their 1937 convention in Indianapolis next week.

## Terse News

### BUREAU CLOSED

The Lee Co. old age assistance bureau office at the court house will be closed Saturday and Monday because of a supervisors' meeting. It was announced by Chairman O. H. Martin this noon.

### LEGION VS. HOSPITAL

The Dixon Junior American Legion baseball team will meet a state hospital team at the hospital diamond tomorrow afternoon, the boys meeting at Legion hall at 12:30 for transport to the hospital grounds.

### FOUR GIRL RUNAWAYS

Dixon police were requested by Sheriff Delos Blanchard last evening to be on the lookout for four girls who late yesterday afternoon ran away from the Peek orphanage, north of Waukegan. Gloria Hoffie, 12, and Yellow Berry, 15, were accompanied by two other girls named Willis and Tregonia, 15 years of age, who left the orphanage announced.

### POLO NATIVE DEAD

Dr. George Perkins Clinton, aged 70, a native of Polo, an outstanding botanist and until recently attached to the Connecticut agricultural experiment station, passed away today at New Haven, Conn. Dr. Clinton was a graduate of the University of Illinois and of Harvard University. He was retired July 1 after 35 years of service and had been in ill health about a month.

### CONDITION IS FAIR

Mr. and Mrs. Robert G. Copenhaver of Polo and their three children, James, 12, Robert, 14, and Helen, 7, were victims of an automobile accident which occurred near Twin Falls, Idaho, while touring through the west. Their car crashed head-on into a truck late Wednesday near Twin Falls. Mr. and Mrs. Copenhaver were reported to have been severely injured and the three children escaped with only minor injuries. A report today indicated that Mr. and Mrs. Copenhaver's condition was only "fair."

### NO PARKING ALLOWED

Contractor George Kreiner who is resurfacing First street from Galena avenue west to Madison, today announced that the block from Hennepin avenue east to Galena avenue would be open to traffic Saturday. While automobile traffic is beneficial in packing the surface the contractor urged motorists passing over the one block section to park their cars. The entire block will be closed to parking over the week end and motorists are urged to keep their cars in motion, not stopping to discharge or accept passengers. The starting and stopping of cars is very damaging to the surface, the contractor stated.

### TAVERN OWNER VICTIM

Chicago, Aug. 13.—(AP)—Two men held up and robbed William Spiehr, 51, and his wife, Josephine, of \$1,000 today as the couple returned to their tavern from a bank.

## Shawneetown's Removal Seems Sure

Shawneetown, Ill., Aug. 13.—(AP)—The Gallatin county housing authority said today it had obtained the options of all but one property owner for a 400-acre tract upon which the "new Shawneetown" is to be built about three miles west of here.

The housing authority said it considered that "the last serious obstacle" to the moving of the historic city thus was removed. The city is to be transferred to higher ground to avoid the continuous flood threat of the Ohio river, which has inundated Shawneetown twice in recent years.

Believing the moving will begin in the near future, the city council refused to grant the Illinois-Iowa Power & Light Corporation a new franchise to replace the one which expires this month.

## 34-Year Search of Man for Brother is at a Temporary End

Urbana, Ill., Aug. 13.—(AP)—Frank Grossbach's 34-year search for his missing brother, Henry, halted at least temporarily in a jail cell today while Urbana police planned a study of his mental condition.

They said they feared the 57-year-old man's search had become an obsession which clouded his mind. In 1903 he started his wanderings, which took him back and forth across the continent, hunting Henry, who disappeared in 1881 when 14 years old.

"I guess I'm at the end of my rope," Grossbach said. "My mother and everyone else thought Henry had been murdered and I think so now, myself."

Your Evening Telegraph carrier boy will call upon you tomorrow for the regular weekly collection. Be kind enough to have the money ready. There are 35 carriers who must cover the routes in haste. Please assist them.

## SOVIET FLIERS FIGHTING HEAD WINDS ON JAUNT

### Will Delay Arrival of Trans-Polar Plane at Fairbanks

BULLETIN  
Horta, The Azores, Aug. 13.—The German seaplane Nordmeer reached here today to end the second leg of her maiden trans-Atlantic survey flight from Luebeck, Germany, to New York.

The huge ship arrived at 4:30 P. M. (10:30 A. M. C. S. T.), approximately six and one-half hours after the takeoff from Lisbon, Portugal. From Horta, the Nordmeer will hop to Port Washington, N. Y.

Seattle, Aug. 13.—(AP)—The Army Signal Corps here reported at 8:39 A. M. (10:39 A. M. C. S. T.), that the Russian trans-Polar plane was bucking terrific headwinds in its flight toward Fairbanks, Alaska, and that it could not reach that refueling point earlier than 4 P. M. (6 P. M. C. S. T.).

The Signal Corps had received no direct word from the plane since its Moscow takeoff yesterday, but intercepted a message from the plane to Russia about 3 A. M.

The big four-motored Russian monoplane, exploring a commercial airway over the top of the world, was following the 148th meridian.

Earlier, Radio Operator Galkovsky had reported tail winds were boosting the plane along its course, and strong headwinds were encountered in the vicinity of the north pole.

Other flights succeed  
Two previous flights ended successfully in western United States after non-stop jumps of 5,300 and more than 6,000 miles.

The 35-ton craft bore the fliers over the roof of the world toward Fairbanks, where they had expected to land and refuel about noon (4 P. M. C. S. T.) after a flight of approximately 4,000 miles from Moscow, where they took off at 9:13 A. M. C. S. T. yesterday.

At the controls of the huge monoplane was Sigismund Levanevsky, one of the Soviet Union's most famous aviators, often called the "Lindbergh of Russia."

At 2:10 A. M. PST (4:10 A. M. C. S. T.) the Army Signal Corps here reported its Fairbanks station had intercepted a message from the plane that said "everything is all right."

A. Vartanian, Russian representative at Seattle, said the planes final destination was Oakland, Calif., about 6,000 miles in a direct line from Moscow.

Levanefsky said he would not try for any speed record. His crew consisted of co-pilot Kostouaieff, Navigator Levencho, Mechanic Poshinoff and Godovikoff, and Radio Operator Galkovsky.

## Alton Twins Born Thursday, Friday

Alton, Ill., Aug. 13.—(AP)—When another August 13th rolls around on a Friday it will be a red letter day for one twin daughter born to Mr. and Mrs. Walter de Sherlia but it won't mean a thing to her "older" sister.

The twins arrived at a hospital here within 40 minutes, the first at 11:40 P. M., Aug. 12, the other at 12:20 A. M. Today they weighed 4½ pounds and 5½ pounds respectively. Both were reported "just fine."

The daughters are the first children born to Mr. and Mrs. de Sherlia. The mother is 23 years old.

## Rural Patrons of Postoffice Strike

Holmquist, S. D., Aug. 13.—(AP)—The rural mail carrier passed up his customers today and it was just what most of the customers wanted.

More than 50 owners of rural mail boxes took them down to balk the carrier. There were only 18 holdouts in the "strike" so service was suspended.

Box holders said the action was in protest against the appointment of Tom Coin as carrier. They said he did not reside in the territory served by the postoffice out of which he works.

A hearing was being conducted today before Master-in-Chancery Martin J. Gannon in the county court in which Robert J. Kearney, Lake Forest architect, appeared as the plaintiff in a mechanic's lien action against Dr. Howard M. Edwards of this city. The action is brought to recover approximately \$1,000 the architect alleges due the preparation of plans, specifications and drawings furnished for the construction of the Dixon physician's residence on the north side.

## Started Here

Richmond, Va., Aug. 13.—(AP)—Frank Moran, secretary to State Police Superintendent H. B. Nicholas, told this one today:

"A rookie state patrolman, feeling the influence of his badge and gun, stopped a tourist car which was several inches out of the right highway lane."

"Where are you from?" he demanded.

"Cincinnati," replied the tourist.

The new officer smiled triumphantly.

"Well, Buddy, suppose you explain why you've got Ohio tags on your car."

## MOTHER KILLED SON IN ATTEMPT TO END FAMILY

St. Louis, Aug. 13.—(AP)—A 27-year-old mother admitted early today, Lieut. Claude Adams said, the poisoning of her 6-year-old son in a hotel room last night.

The officer also stated the woman, Mrs. Lenore King of St. Clair, Mo., planned to take the life of her 5-year-old daughter, Jeannine, and herself.

Mrs. King told Adams she purchased three hamburger sandwiches and returned to their room where she spread poison on the sandwiches while the children were not looking.

The boy ate his and became violently ill an hour later, the attractive blonde woman related. Jeannine, however, took one bite of her sandwich and spit it out.

"When Jeannine refused to eat her food, I realized I couldn't leave her alone, so I threw both sandwiches and the poison away," Adams quoted her as saying.

Police called to the hotel by the woman's father, found the body of her son, Jack, stretched across a bed. Mrs. King first told authorities the boy had swallowed the poison accidentally after finding it in her suitcase.

Accompanied by her two children, Mrs. King registered at the hotel last Monday, giving her name as Mrs. Dorothy Page of Rolla, Mo. Police were told she was separated from her husband.

## 71-Year-Old Woman Gets First Prize

Princeton, V. Va., Aug. 13.—(AP)—Mrs. John Weiner, who "never won a prize at anything," was the amazing champion spinning wheel operator of the nation today.

"Why, I can't believe it," the 71-year-old grandmother murmured shyly as judges found her home-spun the best of any produced by 14 competitors.

Two thousand persons, gathered for a three-day centennial celebration in this southern coal town, encircled the Mercer county court house steps yesterday as 100 bacon-greased, hand and foot-propelled ancient wheels twirled out thin lines of yarn.

## Sec. Hull Demands Pledge from British

Washington, Aug. 13.—(AP)—Secretary of State Hull disclosed today the United States had demanded assurance from Great Britain that rights of this government and its nationals in Palestine would be protected under any changes in the Palestine mandate.

Hull made public diplomatic exchanges in which the United States enunciated its "safeguard" requirements. The notes followed a British proposal to partition Palestine into Jewish and Arab states.

Britain assured the United States it would keep this government "fully informed."

## Almost Human

Columbia, S. C., Aug. 13.—(AP)—Former Governor John G. Richards said he saw a tobacco-chewing crab at the beach.

Richards said someone threw the crab, a pet, a burning cigar stub. The crab beat out the fire, ate part of the cigar and dragged the remainder to its hole.

Architect Kearney this morning testified that the original drawings prepared by him, appeared to have been altered only slightly in some details, then used in the construction of the Dr. Edwards residence in this city by another architect.

Attorneys George Dille of Chicago and H. C. Warner and M. C. Pires of Dixon are appearing for

## CUMMINGS SAYS BLACK FILLS NEEDS

### Attorney General's Opinion Backs up President

Washington, Aug. 13.—(AP)—A Senate judiciary subcommittee swiftly approved today the nomination of Senator Black (D-Ala.) to the Supreme Court.

It acted only minutes after President Roosevelt told a press conference Attorney General Cummings had informed him it was perfectly legal and constitutional to appoint Black to the Supreme Court.

Black's eligibility had been questioned by some senators in view of the fact he voted for the Supreme Court retirement bill permitting justices to leave the bench at full pay. They have held that this increased the emoluments of the office and the Constitution which holds a senator can not accept a post which had been increased in pay during the time he was serving in the Senate.

The President at the same time said there was no truth in reports he was going to press for a constitutional amendment on Supreme court reorganization.

Cummings Gives O. K.  
The President disclosed the attorney-general's views on the Black nomination at a press conference which began simultaneously with the meeting on Capitol Hill of a Senate judiciary subcommittee named to consider the selection.

At the subcommittee hearing the question of Black's eligibility was raised by Senator Austin (R-Vt.) who contended Black either would be taking an office the emoluments of which had been increased, or an office created, during his Senate service. In either case, he said, Black was ineligible.

Austin also demanded that public hearings be held on the nomination after Senator Dieterich (D-Ill.) had moved to report the nomination favorably to the full judiciary committee.

Dieterich Man on Job  
Dieterich made his motion to approve the Black nomination as soon as the committee met.

Dieterich said the President and attorney general had undoubtedly studied the constitutional questions involved in the nomination and the subcommittee should not sit as a Supreme Court on the issue.

"We should not hold up the nomination of a United States senator to an office of this kind because of some doubt or difference of opinion as to his qualification," Dieterich said.

Dieterich contended it was the constitutional right of the President to name a justice to a vacancy.

"It's the duty of the Senate to respect those nominations and unless objections are raised as to his character, ability or legal fitness, to confirm the nomination," he said.

Meanwhile, the Senate's special committee to investigate need for judicial reform turned over to a subcommittee the task of deciding on procedure and the field to be covered.

The special committee elected Chairman Ashurst (D-Ariz.) of the judiciary committee to be chairman, and Senator Hatch (D-N.M.) to be vice-chairman.

Hatch also was named chairman of the subcommittee to outline the committee's work. Other subcommittee members are Senator Burke (D-Neb.) and Senator Austin (R-Vt.).

## Indiana Gets Into Tall Corn Contest

Indianapolis, Aug. 13.—(AP)—The governor of Indiana tossed his hat today into the ring of mid-western states contending for tall corn growing honors.

"While you and I know that the tallest stalk does not always produce the best ears," Gov. M. Clifford Townsend wrote the state's country agricultural agents, "it is surprising to me what great interest has been aroused."

"I believe we can find stalks 16 feet or more in height. Indiana now furnishes the best seed corn and also the most corn on five acres of any state. Let's slip up on the other states with the tallest stalks."

Townsend sent an official Indiana entry blank to sponsors of the contest to be held at the International Grain and Hay Show in Chicago with a notation that other contestants should withdraw to "save their faces."

MEDAL RECOMMENDED  
Washington, Aug. 13.—(AP)—The Senate banking committee reported favorably today a bill of Senator Lewis authorizing the striking of a medal to commemorate the 100th anniversary of establishment of Chicago as a city.

## GOOD THOUGHTS

Pray to God at the beginning of all thy works, so that thou mayest bring them all to a good ending.

—Xenophon  
I have been driven many times to my knees, by the overwhelming conviction that I had nowhere else to go. My own wisdom, and that of all about me, seemed insufficient for that day.

—Abraham Lincoln

For answered prayers that showed Thy boundless love;  
For prayers unanswered, wiser love to prove;

For all Thy leadings through life's devious ways,  
With faith illumined and high heart of grace;  
We thank Thee, Lord.

—John Oxenham

We cannot call upon God merely for our own selfish purposes,—for encouragement to do what is really our own will. If we would have His help and His power, we must accept His direction for our actions and for the ordering of our lives.

—Rev. L. B. Ashby

The prayer that reforms the sinner and heals the sick is the absolute faith that all things are possible to God,—a spiritual understanding of Him, an unselfed love.

—Mary Baker Eddy

Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with loving-kindness and tender mercies.

—Psalms 103

## Rock Falls Pastor to Address Dixon Methodist Youths

Rev. Reubin Furnish, pastor of the Rock Falls Methodist church, has been secured as the speaker at the last outdoor meeting this summer of the local Methodist young people.

Rev. Furnish has always been a very active leader of young people. For six years he served on the faculty of the Epworth League Institute held annually at Franklin Grove where he made friends with many from Dixon.

The meeting will be held this Sunday, Aug. 15, at 6 P. M. at the Vaile shelter in Lowell park. A lunch, for which there will be a small charge, is to be served. Following this will be the campfire services. The devotion being in charge of Avis Beede with a trumpet solo by Paul Marth.

The committees are: Program and devotions—Lucy Lawton and Avis Beede. Lunch—Elaine Mueller, Betty Sheller.

Contacting—Mildred Ransom, Helen McNicol, Doris Moeller.

## BOYS HAVE BIG TIME AT LOWELL PARK RESORT

The boys' class of the Brethren Sunday school, taught by Roy Plovman had a grand time at Lowell park last night. The boys spent the evening playing games and swimming and the time passed quickly and to the pleasure of all present. After the boys had played until they were tired they had all the watermelon and muskmelon they could eat, furnished by their teacher, Rev. and Mrs. William E. Thompson attended as specially invited guests. The class has been one of the most interesting classes in the school from the standpoint of attendance and cooperation, and offers hopeful help for the future church.

## LOYAL TROOPERS WERE ENTERTAINED TUESDAY

Nancy, Jean and Jack Rosbrook entertained the Loyal Trooper's class of St. James Tuesday evening, Aug. 2. In the absence of the president, the vice-president conducted the meeting. Scripture was read from the 17th chapter of Exodus by Gladys Odenthal. The business meeting then took place and an ice cream social was discussed. No definite plans have been made as yet. The meeting was closed by all repeating the Lord's prayer. The next meeting will be held Tuesday evening, Sept. 7, at the home of Gladys, Arlene and Frederick Odenthal, Ellsworth Burkett and "Bud" Huyett will lead recreation and Arlene Odenthal and Nancy Rosbrook will furnish the program.

## Here and There In Sports World

By EDDIE BRIETZ

New York, Aug. 13.—(AP)—Spied in the comparative cool of the door way of an empty Broadway store; Jimmy Bronson, the educated fight manager, munching an ice cream cone. . . . Who was the Chicago wisecracker who called Max Schmeling the "heavy-weight champion"? . . . British sports writers, here for Farr and Louis, were a gloomy lot after seeing the Bomber massacre his sparring mates the other day.

Red Dawson, Tulane coach, says TVA (New Deal favorite) means only "Tennessee Varsity Aggregation" in his book. . . . Some of the papers say Sep Palin didn't really push Greyhound after Peter Manning's mile record the other day. . . . Frank Dobson, University of Maryland coach, is looking over Los Angeles and Hollywood. . . . Can any of you racing old-timers recall if the Wingfield stable entered three horses in a race at Laurel, Md., 10 or 12 years ago, and all of them fell? . . . One of our clients wants to write a feature, if it's so. . . . Tennessee, Alabama and Louisiana State will battle it out for the Southeastern Conference crown this year.

South Carolina will have five sets of brothers on its varsity and freshman squads this year. . . . (where were all the other scouts?) . . . Looks like the only possible way to beat the Yankees is hold 'em to six runs. . . . If Bobby Riggs, the California sensation, isn't on the Davis Cup team next year, you can sue us. . . . A report is buzzing around the Giants will try for Buddy Hassett during the off season. . . . For a guy who is about to be pitched out on his ear, Jimmy Johnston of Madison Square Garden is the most cheerful bloke we know of. . . . Joe Di Maggio has missed hitting only once in his last 44 games.

In dry sections of Africa, where no rain falls for a year or more at a time, tiny plants grow and thrive on the rock, sun-parched soil. By imitating the stones, they are unmolested by birds and beasts. Even the colors of the plants vary, always matching the particular type of surrounding rock.

## Alice Bahen is Bride of Chicago Youth at Ottawa

At a beautiful but simple home wedding was solemnized at 4 o'clock Sunday, Aug. 8, Marian Alice Bahen, youngest daughter of H. A. Bahen of Ottawa, Ill., became the bride of George Wald of Chicago. The single ring ceremony was performed by Rev. F. Arthur Resder of the Evangelical church of that city, at the home of the bride's brother, Miles J. Bahen in Ottawa. The house was tastefully decorated with baskets of gladioli.

The bride's sister, Mrs. Lucille Souder of Chicago played the wedding march from Lohengrin. Just before the ceremony the groom's sister, Miss Rose Andrews of Chicago sang, "Believe Me if All Those Endearing Young Charms."

The bride was attended by her cousin, Miss Mildred Leake of Chicago as maid of honor. Stanley Myers of Arlington Heights acted as best man. Miss Bahen chose as her wedding gown a beautiful dress of white mousseline de soie trimmed in flowered chiffon. A hip length tulle veil edged in satin was held in place by a braided satin coronet, and her accessories were of white. She carried a shower bouquet of yellow Talismans roses, bronze gladioli and babies' breath. Miss Leake wore green mousseline de soie trimmed in peach velvet, a peach coronet in her hair and accessories were of the same shade. She carried a shower bouquet of Briarcliff roses, pale pink asters and babies' breath.

About 30 relatives and close friends of the couple witnessed the ceremony after which a delicious wedding supper was served at the La-Salle cafe.

Mrs. Wald is a graduate of the Dixon high school and attended Illinois college at Jacksonville. She will be remembered as having managed the Pine Tree Inn, east of Dixon for a number of years. For the past few years she has been employed in Chicago in which city the young people will make their home. Mr. Wald is associated with his father in the wholesale bakery business.

Many friends of this community will join in wishing them long years of health, happiness and prosperity.

## LOYAL WORKERS CLASS MET WITH MRS. FULMER

The Loyal Workers class of the Bethel Evangelical church held their monthly business meeting at the home of Mrs. Pearl Fulmer, 344 Everett street, last evening. The assisting hostesses were Mrs. Harie Hoggard and Mrs. Jesse Gaul. The meeting opened by all singing the class song, "We'll Work Till Jesus Comes." Mrs. Nina Holmes led in prayer. The scripture reading was by Mrs. Marie Hoggard, who read the 26th chapter of Genesis. A song, "Leaning on the Everlasting Arms," was sung. In Palestine was the subject of a poem read by Mrs. Marie Hoggard. Prayers were offered by Mrs. Pearl Fulmer, Mrs. Alma Foster and Mrs. Marie Hoggard.

The president then had charge of the business meeting. The secretary and treasurer's reports were read and accepted. Roll call was answered by 21 members, two visitors and two children. Committee reports were then given and 33 calls were reported being made. Several plans were discussed about the conference. The offerings were then taken. The September meeting is to be a scramble supper to be held at Lawrence park in Sterling. The meeting adjourned. The hostesses then served delicious refreshments.

## Eagles Asked to Combat Radicals

Chicago, Aug. 13.—(AP)—Frank E. Hering of South Bend, Ind., asked aeries of the Fraternal Order of Eagles today to "combat radicalism."

Addressing a business session of the fraternity's convention, the former national president said radicalism "is inflaming workers with ideas subversive to the government of this free land."

"America," he said, "faces a revolution unless capital and labor eliminate the radical elements which are aggravating existing conditions."

Degree and military drill teams practiced for contests scheduled for Sunday, Moline, Ill., was represented by a team of 30 white sat-clad women. Davenport, Ia., and Cincinnati teams also took part in practice drills. Forty teams are expected to compete.

## Mental Observation for Extortionist

New York, Aug. 13.—(AP)—Wilbur Rothar, 42-year-old Bronx janitor indicted for attempting to extort \$2000 from George Palmer Putnam, publisher, under pretense he could safely return Putnam's wife, Amelia Earhart, missing world flier, was ordered sent to Bellevue hospital for 10 days today for a sanity observation.

Judge John J. Freschi ordered the observation after Edward Tighe, assigned to defend Rothar, stated the prisoner before being called to plead to the indictment, became so excitable he could not be questioned.

## Festival

Headed by Rubinoff, and his violin a three-hour stellar program will be given Saturday night, August 21, in Soldiers' Field, at the eighth Chicagoland Music Festival, sponsored by the Chicago Tribune Charities, Inc., and associated newspapers of America. Other stars will be Marion Claire, who recently has returned from Hollywood after making a picture, "Make A Wish"; Homer Rodeheaver, internationally known community song leader; Franz Hug, Swiss flag thrower, and massed choruses and bands, the program closing in a burst of fireworks. More than 100,000 people are expected to attend.

A guest of honor for the evening will be Charles Wakefield Cadman, eminent composer, who will direct the 100 piece symphony orchestra in his own composition, "At Dawning." It will be sung by the winning vocal entrant of the festival contest.

Henry Weber, musical director of WGN, is general musical director of the festival, assisted by Noble Cain, general choral director, and Fred Miller, field supervisor. Philip Maxwell, festival director, will be the commentator. Reserved seat tickets are fifty cents.

## Health Report

Springfield, Ill., Aug. 13.—(AP)—The number of deaths in Illinois during the first six months of this year dropped 1,241 from the total of 47,566 for the same period in 1936, while births rose from 51,731 to 52,091, the health department reported today.

Dr. Frank J. Jirka, state health director, said that for the first time in many years the death rate from the chronic diseases of later life—heart trouble, cancer, nephritis, apoplexy and diabetes—was sharply lower, 25,195 against 26,801.

"Discouraging is the 21 per cent increase in the motor vehicle death toll, 1,176 against 971 in the half year of 1936," Dr. Jirka said. All the epidemic and contagious diseases except influenza and infantile paralysis showed a lower mortality rate.

Maternal deaths dropped from 4.7 to 4.5, while infant deaths were 59 per 1,000 births compared with 51.

## NIGHT CLUB ROBBED

Harrisburg, Ill., Aug. 13.—(AP)—Three gunmen, one of them carrying an automatic shotgun, robbed about 12 patrons of the Casino night club near Karnak early today. The robbers, ordering their victims to keep their hands down to avoid suspicion of passersby, fled in a sedan with between \$400 and \$500.

## SOUTH TO GET ITS PEG LOANS ON COTTON CROP

Wheat, Corn and Hogs Not Included; But May Get Thought

Washington, Aug. 13.—(AP)—A senate delegation reported after a White House conference today that President Roosevelt had agreed to make immediate federal loans on cotton to farmers who pledged to comply with a surplus control program to be enacted next session.

Senator Bilbo (D-Miss) said a resolution putting congress on record to pass surplus control legislation early in 1938 would be taken up in the senate later today.

He said the president had agreed to make loans which in effect would peg the price at 12 cents a pound. Bilbo added that the amount of the loan had not yet been determined but if it were 10 cents a pound the government would grant a subsidy of two cents. This is in line with the federal loan program of 1935.

Senator Ellender (D-La) said subsidies would be withheld until farmers had actually complied with the "program to be enacted."

## May Help Others

Others who called on the president were Senators Schwelmbach (D-Wash) and Thomas (D-Okla.). Secretary Wallace also sat in.

Asked about wheat, corn and hogs, Bilbo said:

"I think the administration will give them the same consideration at it will give to cotton."

Senate agriculture committee members had voted last night to ask Roosevelt to order a 10-cent loan to peg prices, dropping under the weight of a bumper crop.

The committee also approved a resolution which, if adopted by congress, would make crop control legislation the first item of business at the next session.

## SOW ATTACKED CHILD

Jerseyville, Ill., Aug. 13.—(AP)—Attacked by an enraged sow, Douglas Welsh, 12, was bitten severely on his hands, chest and back today as he played with other children in his farm home pasture. Hospital attendants here said the animal bit off one of his thumbs and nearly severed a finger on the same hand.

The coyote actually increased its range after the invasion of the white man.

## SEEK BUYER OF POISON OIL IN DEATH MYSTERY

Cincinnati Woman Held Pending Probe of Deaths of Five

## BULLETIN

Cincinnati, Aug. 13.—(AP)—City Chemist O. P. Behrer reported to Prosecutor Dudley M. Outcalt today the discovery of "positive traces of metallic poison," in the body of George Gsellman, 67, latest of several acquaintances of Mrs. Anna Hahn, 31.

Police are investigating the mysterious deaths of five persons with whom they said Mrs. Hahn was friendly.

Outcalt termed the report a "major development" in the baffling case which assumed international interest when Detective Lieut. George Schattle sent pictures and fingerprints of Mrs. Hahn to Washington for forwarding to Munich, Germany, where Mrs. Hahn formerly taught school, and to Vienna, where her first husband, Dr. Max Matscheki, practiced medicine.

Acting Detective Chief Patrick Hayes said other developments were:

Mrs. Hahn admitted buying a bottle of poisonous oil which was turned over to police yesterday by her husband, Philip Hahn, a telegrapher.

She also admitted knowing four men whose deaths are under police investigation and said she had ministered to them during their illnesses. She denied, however, that she gave them anything.

Cincinnati, Aug. 13.—(AP)—Police sought today the purchaser of a quantity of oil poison as they pushed deeper into an investigation of a grim trail of death and illness among elderly acquaintances of 31-year-old Anna Hahn, former German school teacher and widow of a Viennese doctor.

Lieut. George W. Schattle of the homicide squad said that while he had suspended, for the time questioning of Mrs. Hahn, she probably would be subjected to lie detector tests. He reported numerous contradictions in stories told by the woman thus far.

Mrs. Hahn, denying all knowledge of the cause of five deaths under investigation, was held on fugitive warrants charging murder and grand larceny.

## Deaths Probed

The deaths being probed are those of: George Obendorfer, 60, moderately wealthy Cincinnati cobbler, at Colorado Springs, Colo., Aug. 1; George Gsellman, 67, found dead in bed July 6; Jacob Wagner, 78, June 3; Albert Palmer, 72, Mar. 27; and Ernest Kohler, 1933.

Schattle said a minute search of wholesale drug house invoice files

## Lucy Hears Voice of Hollywood

Slender, blond Lucy Monroe, above, who has been doing things on the stage since she was three, and who made her debut at the Metropolitan this spring, is now turning an attentive ear to Hollywood, contracts, movies and things. On the stage Lucy has done everything from "The First Little Show" to being featured prima donna with the St. Louis Opera Company.

would be made in an effort to trace the purchaser of a one-ounce bottle of a dysentery oil, which physicians said was deadly when taken in quantities of six to 20 drops. The half-emptied bottle was turned over to police yesterday by Philip Hahn, the woman's telegrapher-husband, who said he had taken it away from her during a quarrel.

Mrs. Hahn, charged with grand larceny in warrants issued here and in Colorado Springs, and with murder in a fugitive warrant signed by a Cincinnati detective, Walter Hart, has been questioned for three days regarding her acquaintance with the men who died.

Police Investigate  
Colorado Springs, Colo., police have been investigating the death there, August 1, of George Obendorfer, 67, moderately wealthy Cincinnati cobbler, who, police said, was accompanied by the woman after she first had gone to the bank with him when he withdrew money for the trip.

Turned Over Bottle  
Hayes said the woman's husband, Philip Hahn, a telegraph operator's had turned over the bottle which he said he had taken from his wife.

Hayes said Hahn told him he had quarreled with his wife about

The three other deaths under inquiry were those of Jacob Wagner, 78, Albert Palmer, 72, and Ernest Koehler, an elderly teamster who died several years ago.

Lieut. George W. Schattle said Mrs. Hahn cared for Koehler in his last illness and that she claimed Koehler bequeathed her the \$12,000 home in which she had resided with her telegrapher-husband.

George Heis, 63, a coal merchant who said he had been unable to walk since becoming ill from eating food offered by Mrs. Hahn, filed another larceny warrant charging theft of a \$75 diamond ring and \$140.

Prosecutor Dudley Miller Outcalt said police had learned that Obendorfer, Wagner, Heis, another man and two elderly sisters, Mrs. Ollie Koehler, 79, and Mrs. Mary Arnold, 95, had become ill suddenly shortly after making the acquaintance of Mrs. Hahn.

## SUGAR POLICY OF DEMOCRATS IS DENOUNCED

Washington, Aug. 13.—(AP)—Senator Pepper (D-Fla) denounced the administration's sugar production control policy today as making this nation "dependent on foreign countries for essential food-stuffs."

Declaring enactment of pending sugar legislation unchanged would mean that congress was "the victim of some of the most vicious lobbying" in history, Pepper criticized the measure as tending to establish "an economy of scarcity rather than an economy of plenty."

The government's policy of restricting production, he contended, "has made us dependent for both food and clothing on what may come to be the charity of foreign producers."

He attacked a provision which he said would "give Secretary Hull 59,000 tons" of the proposed sugar quotas for "trading purposes."

The Philippines, he said, would not fill the larger annual marketing allotment because the full duty of 1.875 cents a pound would have to be paid on the surplus. Pepper said the measure would give Secretary Hull this Philippine margin for trading purposes.

The Floridian urged adoption of amendments to give Florida a larger quota, by using the Philippine margin and reducing Cuba's allotment.

## FLOOD THREATENS MINE

Harrisburg, Ill., Aug. 13.—(AP)—Workmen are building a seven-foot wall around the shaft of the Peabody No. 43 mine to protect it from flood waters.

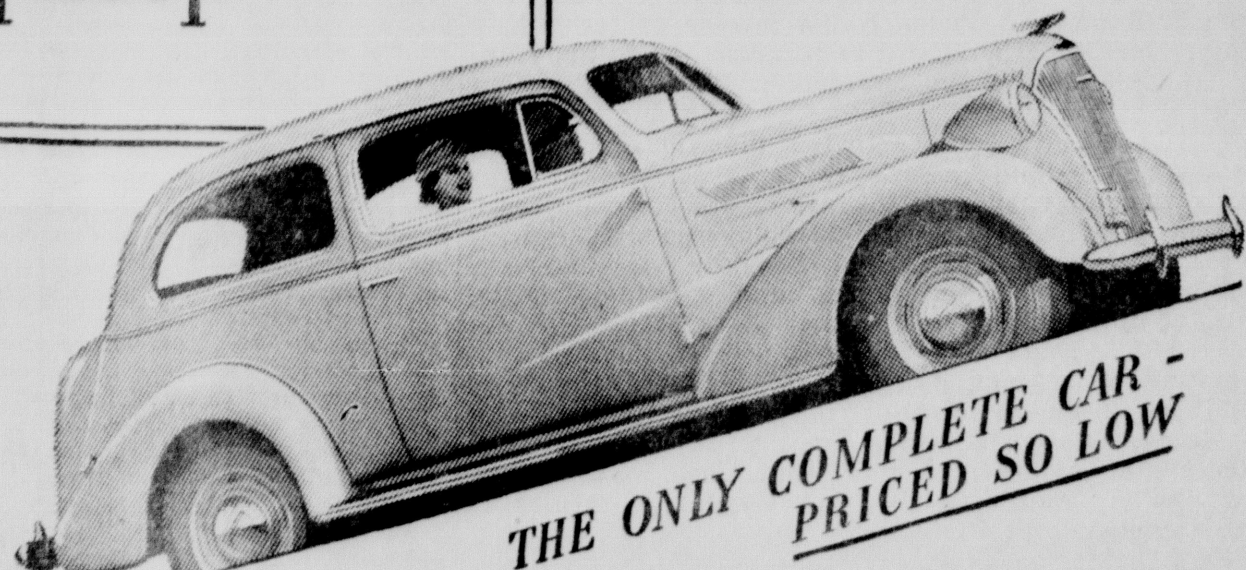

The Sahara No. 3 mine near here was flooded when the Saline river overflowed in the flood early this year. The Peabody mine was protected by sandbags.

## SOME LIGHT ON SLUM CLEARANCE

"I am a native of the slums, and I have no good word for their defense," says a contributor to the Chicago Tribune's Voice of the People. "However, when I read about the hundreds of millions of dollars appropriated by the government for the purpose of doing away with the slums, I can not avoid the conviction that we are being guided by the ghost of Mark Twain's Colonel Sellers. The cleaning up of Chicago slums alone, which are only newly born babies, will bankrupt the United States treasury, and the cleaning will last no longer than the clean faces of kids playing in the street."

"The government spending would be beneficial if we would learn in the process once and for all that the bee makes the hive and not vice versa; that delinquency builds the slums and not vice versa; that the sickness of craving for the unnatural chemical alcohol creates the saloon and not vice versa."

"One concrete example: The section of Chicago bounded by Fourteenth, Fifteenth, Halsted, and Blue Island had been only forty years ago the nest of economic royalists. It quickly turned to slums. About a dozen years ago the South Water market moved over there. Tens of millions of dollars were spent in tearing down and building, and the slums are there on parade."

The term "slum clearance" is one of those supposed to be irresistible. Everybody is supposed to be for it, as they are for abolition of child labor and as they are for the more abundant life. Opposition is supposed to draw a blight or a stroke of lightning.

Yet, we wonder if the thing will stand analysis.

We believe we can very well begin with the assertions of the person quoted above, who says he is a native of the slums. The bee makes the hive. Is there any one among us who has not made that observation? Is there any one who has not observed vain efforts of one person or set of persons to raise the standard of another person or set of persons? It serves no purpose to belittle the persons who can not be elevated. The contributor who says, "The bee makes the hive," says about all there is to be said about it to make the point.

We can go one place and see well-kept cottages and grounds, the buildings 60 years old. We can go another place and see a 40-year-old mansion in decay and disgusting surroundings. The bee makes the hive.

But we are going to spend millions upon "slum clearance." We must not object, for slums must be cleared as a social improvement. It is acknowledged that when the new houses are built, the rentals will not pay interest on the investment. Who pays the difference? The taxpayer will be called upon to pay the difference. He will pay not only the taxes on his own house, but he will pay part of the rent for somebody in New York.

The question arises, who is entitled to have the people of the rest of the country chip in to pay his rent? Who is entitled to have a new house built by government money, without paying rent adequate to liquidate the loan? If the government is obligated to build for the slums of New York, is it not obligated to build for the poorer districts of Dixon? Where are we going to stop—and when?

## WHAT MR. COOLIDGE DID

When a senatorial investigation disclosed what appeared to be irregularities among cabinet officials, President Coolidge appointed two men with commissions as special assistant attorneys general to prosecute the cases. They had authority to direct grand jury investigations and to carry their cases to the supreme court of the United States, which they did.

President Coolidge appointed Atlee Pomerene, a former democratic United States senator from Ohio, and Owen J. Roberts, a Pennsylvania lawyer of recognized ability. Mr. Roberts' record in this case led to his eventual appointment to the supreme court of the United States.

Without any reference to this illustrious precedent, the Chicago Tribune asserts that the scandal in relation to the shakedown at the rate of \$250 a copy for a book of the democratic national convention, always, of course, with the signature of Franklin D. Roosevelt, president of the United States, and his compliments, calls for appointment of a special prosecutor to investigate what appears to be the raising of a huge corruption fund by shaking down of corporations, which are prohibited from contributing to political campaigns.

Representative Bertrand Snell of New York called attention of Attorney General Cummings to the situation publicly and officially, but Cummings refuses to take cognizance of it.

Imagine what a storm such collections would have created if they had been made by the sale of the signature of President Harding or of President Hoover!

Robert Young, who was questioned by Senator Wheeler, said he would have paid the representatives of Mr. Roosevelt's committee the \$15,000 for soap wrappers if they had asked him to, as well as for the books bearing the name of the president of the United States.

In other words, Mr. Young had been in business long enough to know a shakedown when he saw it coming.

There was once a human derelict who lived near the border of our country and Canada. At certain times the rate of currency exchange between the two countries provided a five cent discount on the dollar working both ways. The human derelict discovered that he could go from this country to Canada, give a Canadian dollar for a cigar, a cold drink, or any other five-cent item and receive at his request an American dollar in exchange which under the same principle could be used on the other side and he could there get a Canadian dollar for change. So, you see, he had lots of fun, cigars, etc., for nothing.

Someone must have paid for the merchandise; who was it?

## DAILY HEALTH

By DR. IAGO GALTSTON

Infantile Paralysis: I

There is good promise that medicine has evolved an effective protective measure against infantile paralysis. Its value probably will be determined the next time this disease appears in epidemic form.

It is believed that protection against infantile paralysis can be secured by spraying the mucous membrane of the nose with a solution containing 1 per cent zinc sulphate, 1 per cent of a local anesthetic known as pontocain, and 1 per cent of sodium chloride (table salt).

It took many years of intensive study to establish the fact that infantile paralysis is caused by a filterable virus. Having established the specific cause of infantile paralysis, the next questions were: through what channels does the virus enter the human body, and how does it spread?

Here again much effort led to the conclusion that the virus of infantile paralysis enters the central nervous system by way of the olfactory nerves. These nerves extend directly from the brain and pass through the front floor of the skull to become embedded in the membranes of the nose. Having established this important fact, the next question was: how could this avenue of entrance be barred to the virus of infantile paralysis?

Three years ago two scientists, Oltisky and Cox, working with the virus of another disease, demonstrated that mice whose nasal membranes were treated with a solution of tannic acid, were temporarily made resistant to the action of the virus even when the latter was deliberately placed in their noses. In 1935 Armstrong, using a solution of sodium alum, produced an effect similar to that of tannic acid and succeeded in protecting mice against still another virus disease (St. Louis type of encephalitis).

A little later Armstrong and other scientists, Harrison, Sabin, Oltisky and Cox, showed that monkeys could be made resistant to the virus of infantile paralysis if, previous to the implantation of the virus on the nasal mucous membranes, these membranes were sprayed with a solution of alum.

Picric acid was later substituted for alum and this year Schultz and Gebhardt demonstrated that 1 per cent of zinc sulphate sprayed on the nasal mucous membranes protected monkeys even better than picric acid.

## OREGON

Detroit, Mich., Aug. 13—(Special)—Dick Bradford, 16-year-old boy, and Roy Benner, Jr., 17, of Elgin, today were declared winners of first place honors and \$100 cash awards each in the junior and senior divisions of the Fisher Body Craftsman's Guild Napoleonic coach building competition in Illinois.

State and regional winners among boys from Illinois, Wisconsin, Michigan, Indiana and Ohio were announced here today by William A. Fisher, president of the Guild and vice-president of General Motors Corporation, which sponsored the competition. The model Napoleonic coaches have been judged in Detroit since the close of the competition Aug. 2.

Boys from 12 to 16 comprised the junior division, and those from 16 to 19 inclusive made up the senior division. First state winners were awarded \$100, with \$75 to second place winners in each division. Regional winners were selected from among the state winners, and the national winners will be picked from among the regional winners.

Following are the Illinois winners announced today:

Junior Division:  
First, Dick Bradford, 408 South Fifth St., Oregon (\$100).

Second, Don Leavitt, 11959 Western Ave., Blue Island (\$75).

Senior Division:  
First, Roy Benner, Jr., 25 South Melrose, Elgin (\$100).

Second, Michael M. Popovits, 2310 W. Superior, Chicago (\$75).

Answer to Question No. 1

1. Only in a sort of general way. Of course, manufacturers have made some measurements but these are mostly kept secret so that in one store Johnny is too big for his age and in another too little. However, as related in Science News Letters, the U. S. department of home economics and various institutions in eight states and the National Youth administrations are starting an immense project measuring 100,000 boys and girls at different ages and in all sorts of positions so that manufacturers can make clothes to fit much more precisely than heretofore.

Answer to Question No. 2

2. This is the beta test of character there is. Take this example. Here are two women social butterflies, whose husbands die, leaving them no incomes and a family

of children. One woman buckles down, moves to a smaller house, sells some of her finery, gets a job and "comes out strong." The other weeps and wails, thinks no woman

ever had such hardships forced upon her, and either develops chronic invalidism or seeks another husband to lean on.

Answer to Question No. 3

3. That's true of one type of women—the woman of solid character, ability and insight whose greatest desire is to make marriage a fifty-fifty give-and-take service—a genuine creative companionship that will lead both to a bigger life. There's another type, however, whose sole idea of married happiness is to lean on a man, depend on him for all her decisions—the clinging vine, the barnacle. The first woman makes a husband a bigger man, the second makes him either a hen-pecked beast of burden or a nursemaid.

## MARK E. PENNEY, NOTED TEACHER, DIED YESTERDAY

Heart Ailment Fatal to Former President of Jas. Millikin U.

Jacksonville, Ill., Aug. 13—(AP)—Illinois educators mourned today the death of Dr. Mark E. Penney, 56, director of the state division of vocational rehabilitation and former president of James Millikin university at Decatur.

He died at a sanitarium here yesterday after a two months' illness with a heart ailment.

Dr. Penney, who served as university president from 1924 to 1930, resided in Springfield since he assumed the state position in 1935. For several years previous that time he made his home in Chicago.

The body will be sent to Syracuse, N. Y., Saturday night. Burial will be in Morningside cemetery there Monday.

Dr. Penney assumed the presidency of Millikin university shortly after students joined in a walkout revolt against the university administration. When he arrived in Decatur to take over the post, he called a showdown with the students. They cheered him at the close of the meeting which marked the end of the disorder.

Native of Canada

He was born at Western Bay, Newfoundland, Oct. 23, 1880. Dr. Penney was given a degree in theology from Boston university in 1907. After receiving his A. B. and Ph. D. degrees at Cornell university, he taught at Central college, Fayette, Mo., and at Syracuse university. In 1917 he became dean of the New York Teachers college at Syracuse.

During the World war he served overseas for six months as lieutenant in the educational corps. He returned to Cornell and in 1923 was named professor of education at Ohio State university, a position he held until he assumed the presidency of James Millikin university.

He married Alma Rose Thorne of Ithaca, N. Y., June 14, 1916. They had one daughter, Mary Ellen.

A 32nd degree Shriner, Dr. Penney was also a member of the American Philosophical association, the Illinois Academy of Science, Phi Delta Kappa and Sigma Alpha Epsilon.

SENTENCE APPEALED

Brockelhurst was convicted June 24 at Loneoke for the May 6 hitchhike slaying of Victor A. Gates, Little Rock merchant. An appeal would stay until late fall the execution set for August 27.

## Charges Against Sportman Dropped

Chicago, Aug. 13—(AP)—A charge of stealing his 38-month-old daughter from the San Francisco home of his mother-in-law was dismissed when John M. Hayes, wealthy New Jersey sportsman, appeared before Judge George B. Weiss in felony court late yesterday.

Hayes, who took golden-haired Patricia Ann from the home of Mrs. Charlotte E. Pendergast, to go to "the Zoo—the Bronx Zoo," was freed promptly after Judge Weiss was shown a telegram from the clerk of the San Francisco court stating all criminal charges had been withdrawn.

Hayes was seized August 1 as he and the girl alighted from a plane at the Chicago airport. He was held at the detective bureau and the child was taken to an orphanage. Four days later he won custody of the child on a writ of habeas corpus.

Mrs. Hayes died recently.

## Five Drowned at Maryland Picnic

Ocean City, Md., Aug. 13—(AP)—Five children and young people, attending a Sunday school picnic, drowned late Thursday in Silverpocket Bay at Henry's Grove, seven miles south of here.

The victims were: Howard Aydelotte, 11; Margaret West, 13; Neddie West, 16; Dania West, 22; Katherine Davis, 14. They were residents of St. Martin's, north of Berlin and were attending the annual picnic of the St. Martin's Episcopal church.

## PIRATES, BEES PAINS IN NECK TO CUBS, JINTS

Seem to Enjoy Making  
Life Miserable for  
Pennant Rivals

By SID FEDER  
(Associated Press Sports Writer)  
It's lucky for the National league that the Pittsburgh Pirates and Boston Bees know something about vaudeville.

From that extinct brand of entertainment, the Bees and Pirates borrow the "Stooge" idea, and giving it a little different twist, have put the Indian sign on Chicago's National League leading Cubs and the second-place New York Giants, respectively.

For picking on these two outfits as their favorite stooges, the Bees and Pirates ought to be voted a world series cut by whatever team wins the pennant—provided, of course, it's neither the Cubs nor the Giants.

A stooge, for the benefit of those who can't remember as far back as vaudeville, was the foil or butt for a comedian's jokes. Now, neither the Pirates nor Bees have any great reputations as comedians. But they're certainly having a great joke at the expense of the Cubs and Giants so far this year.

**Good Against Cubs**  
The Pirates fall apart at the mere mention of the Giants, and barely managed to hold their own against such rank outsiders as the Bees, Dodgers and Phillies. But whenever they tangle up with the Cubs, they usually wind up in the driver's seat. Yesterday, they came through with their eighth decision in 14 starts against the Cubs this year by knocking the ears off four fingers for a 16-6 victory.

The Bees, on the other hand, collapse as the sight of almost every other outfit in the league, until they meet the Giants. Then they're the boss. They followed their formula yesterday with a 6-4 victory by virtue of Tony Cucinello's big bat, and stretched their season's margin over the Giants to seven wins in 12 starts.

**Yanks Coast Along**  
As a result, while the Yankees are coasting along on an 11½ game lead in the American league, the Cubs' edge isn't nearly so secure at 6½ games in the rival circuit, and the Giants are limping in second place by only 2½ games over the come-backing Cardinals.

There's no such one-club jinx where the Yanks are concerned in their American League runaway. They made it three out of four in their current series with the Red Sox yesterday by splitting a twin bill, winning the nightcap, 5-3, as Joe DiMaggio walloped his 34th homer, after dropping the opener 16-10, as seven pitchers took a terrific beating. The series victory upheld the Yanks' reputation of having lost only one series against a second-place club in the last two seasons.

The Phillies came within half a game of climbing out of the National League cellar with a twin win over the Dodgers, 3-2 and 8-2, behind some effective pitching by Hugh Mulcahy and Claude Passeau. The Cardinals and Reds were idle.

Detroit's Tigers managed only a split with the White Sox, winning the opener, 11-8, on Charley Gehring's big bat, and dropping the nightcap, 6-4, in 10 innings, as Jimmy Dykes' pinch-hit knocked over the Athletics. Willis Hudlin blanked the Browns, 7-0 for a Cleveland victory.

## PAUL DEAN INDICATES ARM IS ALMOST READY

St. Louis, Aug. 13—(AP)—Manager Frank Frisch of the St. Louis Cardinals, expressed confidence today that Paul Dean, whose pitching arm failed him in the middle of the 1936 season, would come back as a winning hurler for the gas house gang.

"I am confident Paul is going to make it," Frisch said after Paul had two innings in an exhibition game with the Belleville, Ill., Stags, a semi-pro team, last night.

The younger brother of Dizzy Dean, making his first appearance on the mound since April 24, pitched to seven batters and allowed one hit, a high bouncer in the infield.

Observers said that Paul, while failing to display the effectiveness he possessed two years ago, gave indication that his ailing right arm had improved since an operation several months ago.

Using a straight ball almost exclusively, young Dean disposed of two batters on outfield flies, two on infield pop-ups and two on grounders. Only once or twice did he attempt a curve. Sheriff Blake relieved him as the Cardinals pounded out an easy 17 to 4 win.

After several unsuccessful trials this season, Paul underwent an operation and a stray piece of cartilage was removed from his shoulder. Since then he has been trying to gradually work his arm into condition. Last week the Red Birds' management was all set to option Paul to Houston in the Texas League but he refused, saying he believed he was ready to help the Cardinals.

## JINX HOVERING OVER U. S. CUP PLAYERS TODAY

Rye, N. Y., Aug. 13—(AP)—The malignant jinx that has hovered over Davis Cup squad members in the eastern grass court singles championships will get new opportunities to chop down flourishing reputations before the tournament ends.

The fates combined with Gertrude Cameron, of Tulsa, Okla., yesterday when he registered a stunning upset victory over Bryan (Billsy) Grant, 6-3, 8-6, in the third round after Grant twice had the match at set point. Earlier in the week two other members of the Cup squad, young Wayne Sabin, of Los Angeles, Calif., and Gene Mako, doubles partner with Don Budge, lost their singles matches and were eliminated.

Frankie Parker, the Milwaukee and New York player, who scored the points that beat Great Britain in the challenge round, will try his hand at eluding the jinx today in the quarter-finals.

He meets Hal Surface of Kansas City, Mo., a promising player who has his eye on the No. 5 spot in the national ranking and who has beaten Greg Mangin and Frank Shields this summer to further his claims. Yesterday he breezed to a 6-1, 6-1 triumph over John McDiarmid, the Princeton university professor from Fort Worth, Tex.

Alice Marble, the United States ranking woman singles player, made her way into the finals of the women's tourney by trouncing Mme. Sylvia Henrotin, of France, the defending titleholder, 6-2, 6-0.

## Three Undeclared Teams in Tourney

Elgin, Ill., Aug. 13—(AP)—Three teams remained in the Illinois state semi-pro baseball tournament today, but the field will be reduced tonight when the Elgin West Ends clash with the Palmer House Indians of Chicago.

The Indians eliminated Waukegan last night, handing the Waukegan club its second defeat, 14 to 4. The losers obtained only six hits off Croos and Parker as the Indians were collecting 14.

Spencer Coals of Chicago has yet to taste defeat and has won four games. On Saturday night the Coals are scheduled to meet the winner of the West Ends-Indians clash for the title.

## HAMBLETONIAN'S WINNER CARRIED 4-LEAF CLOVER

And His Great Trotter Set New Record in Trotting Classic

Goshen, N. Y., Aug. 13—(AP)—The records show that Henry Thomas won the Hambletonian with Shirley Hanover, but the popular 47 year old trainer of the Hanover, Pa., Shoe Farms says it was five-year-old Patricia Sheppard who was largely responsible for the record-smashing triumph.

While Thomas was driving Shirley to a straight heat victory in the fastest time ever registered by a winner in trotting's blue ribbon event, he carried in his hip pocket a four-leaf clover and letter sent him by the little daughter of Lawrence B. Sheppard, part owner of the Pennsylvania breeding farms. "Don't let anybody tell you it was I who won," declared Thomas. "Just look at that good luck charm I carried. I couldn't miss with that in my pocket."

**Followed Mother**  
In trotting the first mile in 2:01½ and the second in 2:01½, Shirley not only turned in the fastest time ever registered by a winner in 12-year history of the rich stake, but carried on in the way of her famous mother—Hanover's Bertha. The latter won the 1930 Hambletonian and later in the same year set her mark of 1:59½.

Once past the turn in each heat, Thomas said he was confident of victory. She trailed E. Roland Harriman's Farr of Goshen to the three-quarter pole in the first mile and then went on to win by a half length from the Harriman filly with third place going to W. N. Reynolds's Schnapps of Winston-Salem, N. C.

Earl's Spencerian, owned by Earl F. Shropshire of St. Petersburg, Fla., contested the issue to the three-quarter mark in the final mile but faded back as Shirley went on to win by four lengths. Desota came up to finish second and share second and third money with Farr, which was fourth in the last dash.

## CARDINALS BEAT TIGERS IN LAST EVENING'S GAME

The Cardinals defeated the Tigers in the Junior Legion series at Reynolds field last evening by a score of 16 to 8. J. Buckley, a mule who played with the Cards, walked four times and scored each time. He played a nice game at first base.

Alm, for the Cards, was at bat four times and totaled four hits. Carl Bay for the Tigers made four trips to the plate and registered two doubles and a triple. The score:

## TO DROP CHARGES

Springfield, Ill. (AP)—Federal authorities said today that charges of violating the national firearms act would be dismissed against R. K. Moody, investigator for the United Mine Workers of America. An investigation showed weapons found in Moody's automobile were registered. The guns were discovered earlier this week when authorities questioned Moody about the shotgun slaying of Glenn Stufflebeam, a Progressive miner or ganizer.

## FIREMAN MEETS STEEL WORKER IN SEMI-FINAL

San Francisco, Aug. 13—(AP)—A Pittsburgh steel worker battled a Los Angeles fireman in the outstanding semi-finals match of the National Public Link golf tournament over the long Harding course today.

Andrew Szedko is the steel worker, Bruce McCormick the fireman. Szedko blasted the title hopes of defending champion Pat Abbott of Pasadena, Calif., 3 and 1, yesterday.

McCormick, whose features remind one of crooner Rudy Vallee, advanced yesterday at the expense of Alex Muragin of Honolulu, by a score of 5 and 3.

In the other bracket, Don Erickson, the "gas house" lad from Alhambra, Calif., was favored over his formidable foe, Frank Toronto, crack member of Sacramento's public links championship team. Erickson eliminated his southern California neighbor Howard Hoon of Santa Monica, 4 and 3.

Toronto stroked his way into the semi-finals by trouncing slender Vernon Gilstrap of Berkeley, Calif., 5 and 4. In the previous round he had defeated Thomas Radixan of Cleveland, 7 and 5, while Gilstrap had ousted Santa Monica's Tad Clarkson, 3 and 2.

Semi-final matches are carded for 36 holes.

## DONS FROM PAN-AMERICA STEAL AMATEUR SHOW

BULLETIN

Dallas, Aug. 13—(AP)—Two representatives of the Catholic Youth Organization of Chicago were here today to arrange details of transporting the South American boxing team to Chicago for a huge boxing show in Soldier Field August 25.

Thomas O'Connell, CVO director, and Mike Murphy, publicity representative, said they expected a crowd of about 60,000 for the matches, which will pit 16 of the better CVO fighters against 16 South Americans who are here for the Pan-American boxing games.

"We have 82 of our boys in training camp at Lockport, Ill., right now preparing for the eliminations," O'Connell said.

Dallas, Aug. 13—(AP)—Thanks to eight granite-tough youngsters who made their bids for Pan-American glory last night, the South American team stood in a vastly satisfying position today in the international boxing games.

## EARLY ACTION

## ON WAGE-HOUR BILL DOUBTFUL

## Believe Two-Thirds Vote Lacking to Bring It Up In House

Washington, Aug. 13.—(AP)—

The rules committee recommended a resolution today which would make it possible for the Democratic leadership to bring the administration's wage-hour bill before the house by suspending parliamentary rules—provided a two-thirds vote could be obtained.

There was no indication, however, that this drastic procedure would be employed immediately. Speaker Bankhead said he had "no intention" of recognizing any member to call up the measure under a rules suspension Monday.

"The measure is of such importance," he said, "that it should have free and open discussion."

Majority Leader Rayburn (D-Tex) who attended the rules committee meeting with Speaker Bankhead, told newsmen afterward, however, he had assured the committee "no shenanigans" involving the wage-hour bill were contemplated under the resolution.

Members of the labor committee said, however, they had virtually discarded hope of action on the controversial legislation this year unless Congress remains in session until mid-September.

The labor standards bill has been locked in the rules committee since the first of the week because at least nine members of the group had balked against giving the legislation right of way to the floor for debate.

Expect Convincing Vote

Proponents of the measure who have speculated on the possibility of employing a suspension of the rules, conceded there was little likelihood of getting the required two-thirds vote. They contended, however, sufficient votes would be obtained to convince the rules committee a majority of the house desired the bill enacted.

Chairman Norton (D-N.J.) of the labor group acknowledged there was scant hope for getting action on the bill this session unless it lasted until mid-September.

In event the rules group persisted in its refusal to give the legislation preferred status, Mrs. Norton said, the then would be in a position to file a petition to discharge the committee from further consideration of the measure and bring it quickly to the floor for debate.

Discharge procedure always takes considerable time, she said, however, and the earliest date the bill could be brought to the floor in that manner would be September 13.

Signatures of 218 members are required to make a discharge petition effective.

Mrs. Norton said she had "practically lost hope" of getting the bill out of the rules committee other than by the petition route.

BRITAIN CLOSES SPANISH REBELS GIBRALTAR SEAT

Action Indicates British Recognition of Valencia Regime

Gibraltar, Aug. 13.—(AP)—British authorities today ordered the consular offices of the Spanish insurgent regime here closed down.

The order was understood to have been issued on the grounds that the consulate for several months has been issuing unauthorized passports. The Spanish government at Valencia was understood to have made representations to the British authorities through its consul general here.

The British government recognizes the Valencia authorities as the legitimate government of Spain.

REBELS ACCUSE FRANCE

Hendaye, Franco-Spanish Frontier, Aug. 13.—(AP)—An official Spanish insurgent statement today accused French radio stations of broadcasting disguised directions to Spanish government supply ships to assist them in running insurgent blockades.

General Francisco Franco's general naval headquarters asserted several stations were broadcasting regularly the positions of insurgent warships in the Mediterranean to vessels trying to slip into government ports.

It specifically named radio stations at Marseille in France and at Oran and Algiers in French controlled Algeria.

Another official communique took full responsibility for the sinking of the Spanish tanker Campeador in the Mediterranean, declaring it was the work of a nationalist cruiser.

The captain of the tanker asserted an Italian destroyer had sunk him.

NEW NO MAN'S LAND

Madrid, Aug. 13.—(AP)—The olive-clad slopes of the castled city of Lopera in Jaen province was reported a no-man's land today after bitter fighting in which government and insurgent troops alternately prevailed.

It changed hands twice yesterday, but the insurgent victors were reported to have found their position untenable and to be moving out of the southern city.

A government surprise attack drove out the insurgents early in the day. Later, faced by an overpowering advance by insurgent reinforcements, the Micianos withdrew.

Government artillery went into action all along the long-inactive front between Lopera and Porcuna, and the insurgents were reported evacuating both these cities.

The insurgent positions from Arjona to Arponilla likewise were described as precarious in view of new government activity. If their troops are able to take Porcuna, about 89 square miles of additional territory will fall into government hands.

It was reported that the insurgents claim "complete success" against the government's counter offensive in the Cuelcon mountains, but that the strength of the government attack in the south was acknowledged.

Madrid remained quiet, but government planes were successful in bombing forays against insurgent positions at Burgos and two railroad centers on the central front.

## LODGE NEWS

Emminent Commander Harold S. Coss of Dixon Commandery, No. 21, Knights Templar, has plans for a busy season for the order.

A week ago Wednesday about 70 Sir Knights were the guests of Commander Coss at a dinner at the Dixon Country club. Last Wednesday evening, a tried chicken dinner was enjoyed by about 50 members at the Leon Hart farm in Palmyra township. Next Wednesday evening, another dinner will be served members of both the drum and bugle corps and the Commandery drill team at the Hart farm. The dinner will be followed by a base ball game between the drill team and corps, after which both will engage in practice.

Mr. Joy Commandery of Chicago have accepted an invitation to come to Dixon late this fall and confer the Knights of Malta degree upon a large class of candidates. The visiting commandery will bring several candidates from Chicago. Dixon Commandery will confer the Red Cross degree in the afternoon, and at 6:30 a banquet will be served. At the evening meeting the Chicago commandery will confer the Malta degree.

Both the drum and bugle corps and the degree team of Dixon Commandery is being reorganized and is drilling for the annual convocation to be held in Chicago, Sept. 18-20.

LEGION-AUXILIARY PICNIC

The annual joint picnic of Dixon post No. 12 (Inc.), American Legion, and its auxiliary will be held Sunday afternoon and evening at Lowell park. Each family is requested to bring their own buns and a dish to pass. It is also requested that each family bring a few sticks of fire wood and that the men come early enough to arrange tables and benches before 5 o'clock. Ice cream and cold drinks will be furnished.

House Steamroller Functions in Style

Washington, Aug. 13.—(AP)—Republicans failed today in an attempt to keep from the house floor a report of its elections committee recommending the unseating of Representative Arthur B. Jenks, Republican, of the first New Hampshire district.

The committee recommended that Jenks' seat be given to Alphonse Roy, Democrat. Its findings were based on an election contest. Representative Tobey, New Hampshire Republican, raised a parliamentary point of order against the report. He said house rules made it mandatory that the report be filed within six months after the opening of the session.

Speaker Bankhead overruled the point of order.

Representative Snell (R-N.Y.), minority leader, appealed from the speaker's ruling. The house tabled the appeal by a standing vote, 212 to 63.

On Snell's demand a roll call was ordered.

Wind Saved Lives of Three Youths

Provincetown, Mass., Aug. 13.—(AP)—Two young women art students and a male companion owed their lives today to the wind that blew their capsized dory ashore at Truro after they had clung to it for four hours.

They were Miss Helen Wires, 25, of Wellesley Hills, Mass.; Miss Dorothy Nelson, 23, of Chicago, and Rowland Lyon, 33, of Washington, D. C.

They left Provincetown late yesterday with Gregg Johnson, 25, of Herkimer, N. Y., owner of the dory. Two miles off Truro a 30-mile wind capsized the craft.

Johnson clung to the craft with the others for 45 minutes, then started to swim ashore for help. A cabin cruiser owned by A. L. Humphreys of Newport, R. I., picked him up.

The dory drifted ashore, its exhausted passengers clinging to its sides.

LEGION MEMORIAL

Harrisburg, Ill.—(AP)—A 1000-acre memorial plantation in Shawnee forest, in Gallatin county, was dedicated yesterday by Illinois American Legion and Auxiliary officials. Matthew J. Murphy, state Legion commander, and other officers spoke. The forest service was given a check to pay for 1000 trees and the expense of planting the first acre of the tract.

## BRITISH PREPARATIONS

Hongkong, Aug. 13.—(AP)—The British Far Eastern army command today ordered a battalion of Welsh Fusiliers rushed to Shanghai to reinforce the British garrison there guarding foreigners in the undeclared war between China and Japan.

The battalion, 950 strong, will double the number of British troops in Shanghai. The decision to dispatch reinforcements followed a conference of the highest ranking British army officials in the Far East. They indicated the step was taken following a request from Shanghai for assistance.

The Welsh Fusiliers will sail for Shanghai Saturday.

At the same time orders were issued to all British warships in and near Shanghai and other Yangtze river ports to paint the Union Jack on their turrets and gun shields as protection against attack from the air.

BIRTHS

CONLON—Born to Mr. and Mrs. Charles Conlon of Sterling at a public hospital there Wednesday, Aug. 11, a son. Mrs. Conlon was formerly Loretta Doyle of Dixon.

DREW—Born to Mr. and Mrs. O. J. Drew of this city at the Katherine Shaw Bethel hospital Aug. 11, a daughter.

FARMER BURNED TO DEATH.

Mt. Carmel, Ill., Aug. 13.—(AP)—An inquest was planned today in the death of Allen Hayes, 35, a farmer, who was burned fatally last night in an automobile collision near here.

Seriously injured were Doyle Hayes, Allen's 9 year old son, and Jack Hulface, both of Mt. Carmel; Leo Junkins, Robert Leighty, and Jack Wolfe, all of Allendale. The collision occurred when Hulface, accompanied by Hayes and his son, attempted to turn into a driveway. The Hulface car burst into flames after the collision.

The British Isles are made up of more than 5000 islands.

Whippany, N. J., Aug. 13.—(AP)—The First National Bank of Whippany, was held up and robbed of an undetermined amount of money shortly before noon today.

First reports said five men, one with red hair, took part in the daring, daylight raid.

The bank, police said, had an unusually large amount of cash on hand, as today was pay-day for several manufacturing concerns in this vicinity.

A community of less than 1,000 population, Whippany is about five miles from Morristown.

Commercially, corn is used for starch, sirup and sugar. From these basic products are derived soaps, ice cream, face powder, high explosives, brooms, dextrose, alcohol, rayon, etc.

EIGHT NEW YORK  
KIDNAPERS GIVEN  
TERMS IN PRISON

Sentences Range From 28 to 77 Years for Kid-

Binghamton, N. Y., Aug. 13.—(AP)—Eight men federal agents said were members of the "nation's last organized kidnap ring" faced today prison sentences of from 28 to 77 years for the 1933 abduction of John J. O'Connell, Jr., of Albany, N. Y.

Convicted by a federal jury after less than three hours of deliberation on 11 weeks of testimony, the eight men pled visibly as the verdict "guilty on the charges" was spoken.

A few minutes later, Federal Judge Frederick H. Bryant pronounced sentence on Manning Stewell, 35, John Oley, 36, and Percy Geary, 34, of Albany, and Charles Harrigan, 37, Thomas Dugan, 35, George Gargulio, 31, John McGilone, 34, and Harold Crowley, 31, of New York City.

**Guards Confessed**

Two confessed participants in the crime, Frank Fischer, 53, and Thomas Burke, 39, guards at the Hoboken, N. J., hideout where O'Connell was held prisoner for 23 days, today were sentenced to Lewisburg, Pa., penitentiary for terms of three years, and 49 months, respectively.

**Was "Go-Between"**

Stewell, "go-between" in the \$40,000 ransom negotiations that led to the release of the young National Guard lieutenant and scion of a politically prominent Albany family, was sentenced to 58 years.

ILLINOIS STATE  
FAIR WILL OPEN  
TOMORROW MORN

Exhibits; Auto, Horse Races; Democratic Rally Features

Springfield, Ill., Aug. 13.—(AP)—Officials hoped today for big crowds as finishing touches were applied to exhibit and concessions in preparation for the opening of the 85th Illinois State Fair at 8 a. m. tomorrow.

Heading the nine day program will be an airplane contest, horse and automobile racing, a WLS barn dance broadcast, fireworks, shows, livestock competition, miles of exhibitions, bands and parading military organizations and political rallies.

The automobile races August 21 took on added importance today when Mauri Rose, who was crowned national champion race driver by the contest board of the American Automobile association last year, added his name to the list of entries for the 100 mile sweepstakes.

Competing with Rose in the Springfield races will be Rex Mays of Los Angeles, George Connor of San Bernardino, Ted Horn of Los Angeles, "Wild Bill" Cummings of Indianapolis, Billy de Vore of Kansas City, and other race drivers. Connor claimed the world's record for one mile by turning a lap in 38.15 seconds at the state fair last year.

Qualification time trials will start at noon on the day of the race, with the 26 fastest cars eligible to compete for the cash purses. Three heat races with eight starters in each will furnish 18 winners for the sweepstakes.

The opening day program consists of judging of junior department beef calves, judging of bees and honey, automobile stunting, an airplane efficiency contest, the WLS barn dance broadcast and a horse show.

**Politicians Busy**

Democrats and Republicans took inventory of the off-year political situation today, planning for their and fined \$10,000 for conspiracy to use the mails and use of the mails to extort.

Each of the other defendants was convicted of those charges as well as conspiracy to transport a kidnapped person in interstate commerce and the actual transportation (the Lindbergh law).

All of the other defendants except Crowley were sentenced to a total of 77 years and fined \$10,000 on all counts. Crowley's penalty was a total of 28 years and a fine of \$10,000.

traditional state fair rallies next week.

For the Democrats, Governor Horner's followers will hold their annual "Governor's Day" assemblage in the fairgrounds amphitheater on Thursday. A big speaking program has been arranged, centering around Horner.

"Republican Day," celebrated on Wednesday, will find minority party leaders convening downtown to lay plans for another effort at a political comeback in the 1938 senatorial, congressional and legislative campaigns.

For decades, the state fair has been a political high spot. In election years it has marked the start of the fall campaigns. In odd years, it has heard speculation about the ambitions of would-be candidates and the possibility of factional realignments.

**Dieterich Absent**

This time most of the talk has centered on the Senate, but the key figure, Senator William H. Dieterich of Beardstown, will be absent, since he has been at political odds with the Horner administration. The big question under discussion is who, if anyone, will oppose the junior senator. He was backed by the Chicago organization in 1932 and supported President Roosevelt in the Supreme Court controversy.

Horner, following custom, will make the main speech at the fairgrounds. Speaker Louie E. Lewis of Christopher has been picked to preside. Other places on the program have been given to Governor Lloyd C. Stark of Missouri, State Chairman Bruce A. Campbell of Belleville and District Attorney Michael L. Igoe of Chicago.

James M. Slattery, commerce commission chairman, is bringing a big delegation from Chicago, but Mayor Edward J. Kelly and National Committeeman Patrick A. Nash have been absentees in recent years.

The GOP leaders decided not to attempt to rally a crowd for fairgrounds oratory. Their program includes a state committee meeting and luncheon in a Springfield hotel, along with an effort to establish a publicity bureau. Some Republicans have talked of an "agreed slate" of candidates for 1938.

Patoka Oil Field  
Extends to South

## OIL PRODUCTION UP

Olney, Ill.—(AP)—Production in the Clay City oil field was boosted 2500 barrels yesterday with opening of two new wells. The Poppe No. 1 well was producing 1500 barrels and the Bunny Travis No. 3 well 1,000 barrels a day, the Pure Oil Company announced. Both wells were brought in two days ago. The Ohio Arbutnot No. 1 well near Noble, which came at 2000 barrels, now is producing about 900 barrels daily, officials said. The Ralph Neely Company, Rolla, Mo., has a well, two miles south of here, has reached a depth of 1750 feet.

**UNIFORM FEE**

Dairy farmers, since the days of Gail Borden's first factory, have progressed steadily in their methods of producing pure milk and keeping it sanitary.

All that science, modern equipment and trained men offer are used in Borden factories to back up the efforts of dairymen to guard milk's purity. In helping to establish present high sanitary standards for milk, dairy farmers and distributors together have promoted public health, reduced infant mortality and pleated milk and its products first in the food lists of the nation.

## THIS CURIOUS WORLD

By William Ferguson

ANIMALS OF THE CAT FAMILY SHEATHE THEIR CLAWS FOR TWO REASONS! IT KEEPS THE CLAWS FROM BEING DULLED, AND ALSO ALLOWS THE ANIMAL TO WALK NOISELESSLY.

ANIMALS OF THE DOG TYPE DO NOT SHEATHE THEIR CLAWS! SINCE THEY RUN DOWN THEIR PREY, AND SEIZE IT IN THEIR MOUTHS, NOISELESS FOOTWORK AND SHARP CLAWS ARE UNNECESSARY.

WERE it not for the cat's ability to retract its claws, they soon would be worn down by constant contact with hard ground and stones. Without its sharp, curving claws, a cat would be unable to hold prey of any size. A dog, however, uses its claws only for digging, scratching, and possibly for better contact while running. Its prey is held in the powerful jaws.

KATHLEEN O'SHAN—heroine, writer of greeting card verse.  
BOB McTAVISH—hero, detective story writer.  
PAT—the janitor who played Cupid.  
The DICHES—patron of surrealist art.  
PROFESSOR BRACEY—Ergonomologist.

Yesterday Bob and Kathleen are settled in their respective studios in the same apartment house. And Janitor Pat says plans to have the two young people meet. He tips Bob first.

### CHAPTER II

"WONDER what that little Irishman meant?" muttered Bob McTavish, as he closed the door behind Pat. "Probably an old shack like this is lousy with writers, and artists and such. I'll have to make it very plain that I have to work for my living. Can't be having the neighbors running in." He retrieved a crumpled cigarette from underneath a pile of books and looked down at the dog.

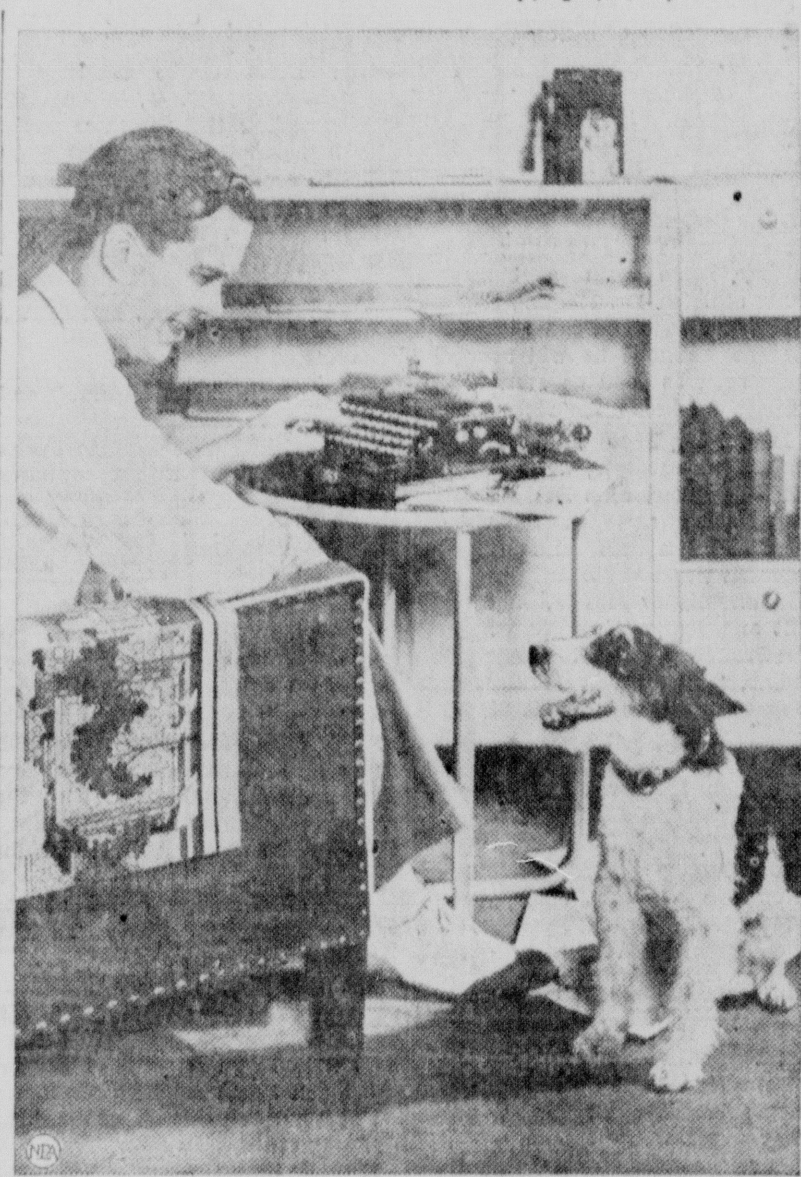

"Well, Schmatz, it's up to us to get unpacked if we are going to finish that last chapter tonight." He took off his coat and hung it on the back of a chair, rolled up his sleeves, and went to work.

After several hours of sorting things, and shifting them around to the best advantage, he stood back and surveyed his future home. It had evidently been the bedroom of the one-time mansion. An ornate fireplace with a large mirror above it took up one end of the room. The walls were light, the woodwork plain, and the long, narrow windows had scalloped green blinds and little inside shutters that looked as though they had never been dusted.

But Bob had flung them all open at his back, moved his big chair and typewriter stand in front of the bookcase, and noted with satisfaction that his only view was the blank wall. Blank walls were highly conducive to creative work. He could weave the threads of his plot and pursue the dastardly villain without anything to distract his attention. And Bob had to run just so many criminals to earth each week, if he and Schmatz expected to cut for him when he decided to come up to the city and try his hand at fiction writing, instead of going into his father's real estate firm as his two older brothers had done.

"I'd smother with so much family hung about my neck," he had said.

"And you'll likely starve in the

"This is pretty slick, Schmatz," he told the dog. He stretched out his long legs with a sigh of satisfaction.

"while the other boys are making a snug berth for themselves. Well, go ahead and let me know when you're ready to come back home."

BUT so far, Bob had been able to keep just one jump ahead of the wolf, which always lurked within sight of his door. He had even been able to move into this new place, which was vastly better than the room where he first lived when he came to the city, and Schmatz had always had his bone. Take it all in all, they had not done so badly. The men down at Police Headquarters were beginning to know Bob now, when he came nosing around for a possible plot, and were willing that he go through the place in search of ideas. Several of them had even gone so far as to read some of his yarns when they were published, and would often tip him off to some timely new angle.

He ran his fingers through his mop of tousled hair, drew his chair up to his typewriter. "This is pretty slick, Schmatz," he told the dog. "About two more real snappy murders, and we can begin to think about buying a decent couch and maybe a chair or two more, then we'll be sitting pretty." He stretched out his long legs with a sigh of satisfaction. Down stairs in studio one, Kathleen had been resolutely thumbing through her rhyming dictionary, trying very hard to keep her mind on her task. The sight of the good-looking stranger who had dashed up the stairs behind the movers, intruded on her thoughts to an amazing degree. What difference could it possibly make to her that he owned a cute dog, and had a gay, breezy manner? If he did not finish a certain number of jingles before night, she wouldn't have the rent money when it was due. Then she would have to go back home to Gloversville and teach the third grade and probably eventually accept Joe Williams, with his bulging eyes, as her aunt and uncle hoped she

would, and settle down to the routine of a small town. She wondered now why she had ever thought she could find a job in the city all by herself.

"Sorry, but we're not putting on any more people," had been the invariable answer, when she had to admit she did not have any experience selling things, or keeping books, or doing stenography.

THEN she had happened upon a firm that wanted rhymes for greeting cards. Yes, she could do that. Hadn't she made jingles all her life just for fun? Why not sell them then? That night she wrote Aunt Hattie that she had taken a job with a big publishing firm, which was almost true. Anyway it was better than Gloversville and Joe Williams and Aunt Hattie's fussy dictating of her every move, which was beginning to make her very restless. Though of course she really was grateful to Aunt Hattie and Uncle Henry for having taken care of her since her own parents died.

Cheer, near, dear, dear—that dog had had the dearest, bright black eyes, and such a cute red tongue. Schmatz was what the young man had called him. She wondered why such a queer name. Maybe some girl had given him to his master. Of course there would be a girl. No fellow that good looking could possibly escape. She hadn't seen Pat yet to ask about the new tenant. Oh dear, where was she?

A frown creased her pretty forehead, and she wrote down a line, then attentively inspected the eraser on her pencil as though it might hold an inspiration. Nothing happened, so she got up and made a cup of tea and poured it into a gay yellow cup which she took from the cupboard in her furnished apartment. What fun if she only had someone to drink the other cupful that the teapot held. Her glance strayed about the studio. It was really quite pretty. Gay cretonne drapes and red geraniums in brass pots made bright splashes of color. She certainly ought to be able to rhyme cheer and dear—if only that gnawing loneliness would let her.

In the hall outside, Pat's broom kept pace with his thoughts too. That young fellow upstairs did seem a likely prospect as a friend for Miss Kathy, but how to bring him to her notice. She wasn't like the Duchess now, who'd speak to any man if she took a notion.

The terrier came scampering through the door just then, dived between Pat's legs and knocked the broom from his hand.

"Hey ye little devil! Where ye goin'?" He grasped the wriggling creature. "Listen, ye don't need to be rushin' up to yer master's room yet. It's a good turn ye got to be doin' a loidy, see."

(To Be Continued)

### Trade Review

New York, Aug. 13—(AP)—Improvement of fall prospects rather than acceleration dominated the week's trade, Dun & Bradstreet said today.

"Oppressive heat and intermittent showers interfered with shopping plans in many districts that some of the leading centers of distribution failed to equal their general average, however, was higher by one to three per cent," the survey said.

"Apparel with which to combat the heat was in demand, while knit goods, sportswear, and vacation accessories continued to sell well."

"Aftermath of the buying surge during market week events of the fortnight preceding resulted in a recession in orders to many wholesale branches."

"Most of the principal centers, however, were well occupied with replacement requests for current promotions and related orders for merchandise for early September selling."

FOR 30 YEARS HE'S BEEN A "TELEPHONE COMPANY"

Herman, Neb. (AP)—Herman's one-man telephone company has completed "his" 30th year.

John H. Johnson, owner, manager, general handy man and trouble-shooter of the 350-phone exchange says he's still going strong.

When necessary, he also handles the operator's job.

### HEARING NEARS END

Mattoon, Ill.—(AP)—The National Labor Relations Board hearing involving the Kuehne Manufacturing Company here was expected to end Saturday. Attorneys said the board would report its findings in three or four weeks. The Carpenters & Joiners union charged that the company resorted to unfair labor practices.

### NEW COMMANDER

Chicago—(AP)—Brig. Gen. Philip B. Peyton, 56, has assumed command at Fort Sheridan. He was former commanding officer of the 29th Infantry at Fort Benning, Ga. He was born at Nashville, Tenn., and was graduated from the Virginia Military Institute.

### STEAMER STRIKE ENDS

Boston, Aug. 13—(AP)—A one-day strike that disrupted steamship traffic between Boston and Hull's Nantasket Beach ended late yesterday.

Chairman Thomas Curley of the state board of arbitration said the Nantasket Steamboat Company and the Seamen's Union had agreed to a wage increase of 10 per cent, effective immediately, under a plan to be in force until October 1.

A collie once found its way from Indiana to Oregon, a distance of about 2200 miles.

During the period from America's entrance into the World War until the signing of the Armistice, there were 6205 labor strikes and lockouts in the nation.

### Railroad Workers Tell Why They Want 20 Pct. More Wage

Chicago, Aug. 13—(AP)—Officers of two big railroad unions told representatives of the railroad management why the unions believe their members should receive a 20 per cent wage increase.

David B. Robertson, head of the Brotherhood of Locomotive Firemen & Enginemen, and Alvaney Johnson, Grand Chief of the Brotherhood of Engineers, spoke on the wage request at the second day's session of the wage conference between the five big operating brotherhoods and the carriers' committee headed by H. A. Enoch of the Pennsylvania railroad.

Sessions were closed, but an official spokesman said the union heads gave four reasons for the wage plea; increased living costs, movement of heavier trains, increased rail operations and more complicated operating rules.

### ROAD SIGNS

#### REFUTE SUNSHINE

Colorado Springs, Colo.—(AP)—Tourists no longer will be fooled into attempting a before-breakfast hike to Pikes Peak, thinking it only a mile or two away.

The city engineers department has decided to post the road with signs showing the exact mileage. The peak is about 15 miles from the city.

In the clear, brilliant sunshine of mile-high altitude the peak sometimes appears to be only two or three miles from town.

## PAW PAW

PAW PAW—Rev. and Mrs. George Vouga of Charles City, Iowa, will visit friends here.

Miss Agnes Praeger of Clafin, Kans., is a guest of this week of the L. G. Yenerich family.

Mrs. Charles Bonnell and three children of Rock Falls are spending the week with relatives here.

Several from this vicinity attended the Cheese Day celebration at Shabbona Tuesday afternoon and evening.

Rev. L. O. Coleman, wife and son, left Sunday for a two week's visit in Minnesota.

Mr. and Mrs. H. C. Barton and daughter Betty returned to their camp at Long Lake, Wis., Monday.

Mr. and Mrs. M. L. Swarthout spent the week end in Chicago at the T. M. Gorton home.

Mr. and Mrs. Harry Mills of Chicago were business callers in town Monday.

Mrs. S. J. Wojcik and little son, visited relatives in Chicago over the week end.

Allen Urish, son of Mr. and Mrs. Ivan Urish had his adenoids and tonsils removed yesterday morning at Dr. Fleming's office.

Miss Muriel Yenerich, in company with friends from Ashton, motored to Chicago Thursday to spend the day.

L. F. Stainbrook and daughter of Chicago and his son and wife from New York were callers in town Sunday.

Mr. and Mrs. Ralph Potter left Monday for Ortonville, Minn., where they will visit with their brother, Will Potter and wife.

Several young friends were entertained at the Torman home Saturday in honor of Bobby's birthday anniversary.

The many friends of H. M. Beemer who is in the Harris hospital, will be pleased to know that his condition at this writing is quite satisfactory.

Peter Stryan, who has been improving from his recent illness, is reported not so well at the present writing.

Mrs. R. W. Prieskorn, with relatives and friends from Leland, spent Tuesday at the home of her aunt, Mrs. Clara Arnold, near Oregon.

A shower for Mrs. Everett Linden, a recent bride, was given at the Baptist church, Wednesday afternoon by the Junior Department of the Sunday school, of which she was a teacher. The mothers of the members of the department were also guests. An informal time was enjoyed and refreshments were served. Mrs. Linden was given a lovely gift. Mrs. Myrt Rogers, superintendent of the department, was assisted by Mrs. Nellie Adrian and Mrs. Tom Foster.

There will be no services in either the Compton or Paw Paw Methodist churches on August 15th and 22nd, because of the absence of the pastor on his vacation. Worship service will be resumed on Sunday, August 29.

Rev. George Vouga of Charles City, Iowa, former pastor of the church, will occupy the pulpit at both the morning and evening services, and would like to see and meet all his old friends. Come out and give him a real greeting.

This community is short on rain and it is needed badly for corn and beans. Both look promising right now but unless rain comes rather soon the prospects for corn and beans will not be good. For about a week now the weather has been

hot and dry but the nights have been fairly cool.

The crop of oats in this vicinity has proved very satisfactory, according to threshing returns. The yield runs all the way from 35 bushels to 70 bushels and the weight from 18 1-2 pounds to 31 pounds. The greater part of the crop was threshed with out any rain and the grain is of good color, and at the present time the price is around 24 to 25 cents.

Archie Meriman, Arthur Blee, Orion Hunter and Owen Cornell left yesterday for a two week's trip through the west. They will stop at the Black Hills, Yellowstone Park and other points of interest. They will also stop at Vida, Mont., for a short visit at the home of Mr. and Mrs. Evan Meriman.
